Important note

The signed form must be sent by email immediately after the installation and assessment of signaling panels, addressed to the Direction de la surveillance et du contrôle du stationnement et de la mobilité de l’Agence de mobilité durable (SCSM) to **formulaireposeenseigneSCSM@agencemobilitedurable.ca**. The signed form must also be sent to the borough issuing the permit for the occupancy of public property.

If the type of panel is removable, the signed form must be sent daily. If it is a fixed panel that cannot be moved, a single form must be sent at the beginning of work or of the event.

Towing

For any vehicular movement, call 514 868-3737. Please note that a parking agent must be onsite when a vehicle is moved.

No vehicle may be moved if this signed form was not sent to the Agence de mobilité durable or if the temporary signaling panels do not meet the requirements shown in *Tome V - Signalisation routière* issued by the Ministère des Transports et de la Mobilité durable.

Documents that do not meet the criteria will be considered null and void and no car may be moved.

Description

No-parking signs must be installed 12 to 14 hours before construction begins.
