Support Program 2022

Since 2020 this program is jointly managed by the Service de la culture de la Ville de Montréal and the Conseil des arts de Montréal (CAM). However, each applicant is to prepare only one application and submit it to the Service de la culture de la Ville de Montréal.

Subsequently, if the application is admissible, the applicant will receive a subsidy in two payments: one from the City of Montreal and one from the CAM. The applicant might therefore receive a request for added administrative information from the Conseil des arts de Montréal agents.

Program objective

Financial support for occupation of an artist's studio for creation of original artistic expression or research.

Who can apply to this program?

- The rate is \$13 per square metre per year for the part devoted to research-creation;
- The rate is \$3 per square metre per year for the part used for storage;
- This financial support is available up to the limit of amounts allocated yearly to the program.
