

# Public participation and community engagement scale

## Criteria for participation

## Increase your influence

### Learning more

Participants receive information regarding upcoming participatory sessions and get to read about the topics to be discussed.

### Expressing yourself

Participants voice their concerns and opinions regarding projects proposed by the city, as part of the public consultation sessions.

### Co-creating

Participants pool their thoughts and develop options and solutions with the city.

### Deciding

Participants have the power to make the final decision.

### Taking action

Montrealers take initiatives to improve their living environment and quality of life, with the city's support.
