

Notice of work

Start : March 18

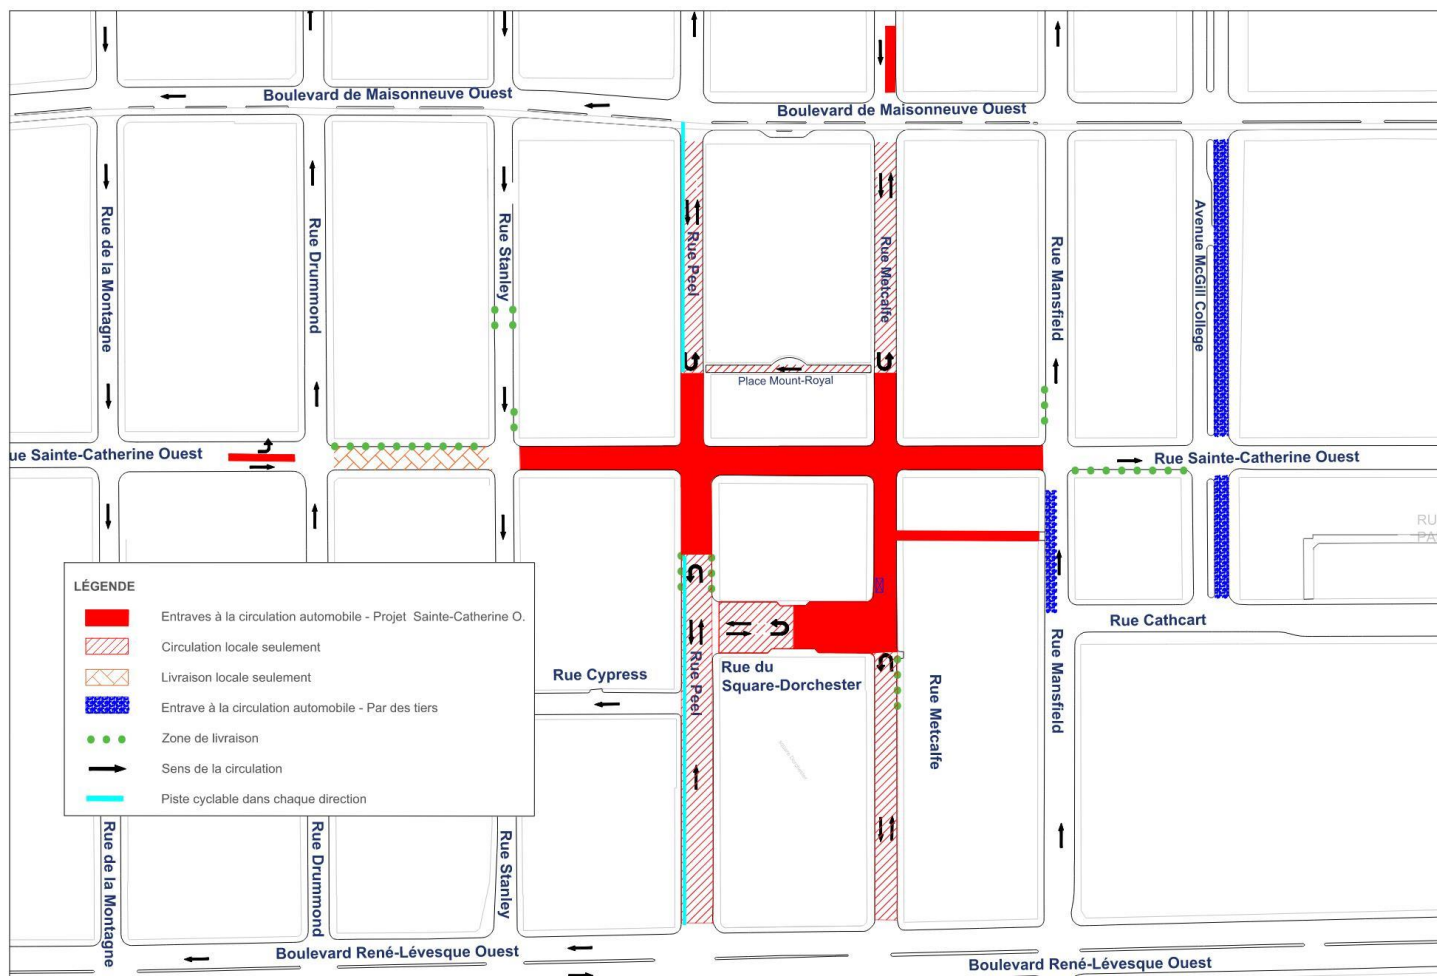

End : mid-November for winter break

**Closure of Rue Peel for work on Rue Sainte-Catherine O.,
between Rue Stanley and Rue Mansfield**

Sainte-Catherine Ouest Project

The major work to replace the outdated underground infrastructures, which is more than a century old, will now extend to Rue Peel, on both sides of Rue Saint-Catherine Ouest.

TO KNOW

Garbage and recyclable

- Garbage and recyclable collection according to the usual schedule.
- Impacted sector: On collection days, place your garbage cans and bins, **well-identified with your address**, at the usual place. Containers that are not accessible to the garbage collectors will be moved by the contractor. .

Noise, dust and vibration

- The use of tools and other equipment may cause odors, dust, noise and vibrations.
- A special attention will be paid to work organization so that the noisiest and most disruptive operations be carried out at the most opportune time, to cause as little disturbance as possible to the population.

Work schedule

- Regular schedule: Monday to Saturday between 6 a.m. and 7 p.m.
- Works are authorized 7 days a week, 24 hours a day.
- The extended schedule will be used to minimize the impact of daytime operations. For example, buildings water service connections (water and sewer) will be replaced at night. Work in front of building entrances will be carried out outside peak hours.
